## Welcome To YES-OPTICALS

YES-OPTICAL is the right solution for your shop because it is fully customizable and is designed to fulfill all your POS business needs. Over the years we have improved the product by incorporating the feedback we have received from our valued customers and continue to do so. Here are a few reasons why YES is right for you:

YES-OPTICAL work desk provides quick access to all the functions of the application. Work desk is fully configurable for each user. Work desk only displays the icons that user has access to which can be controlled by providing appropriate permission to the users.
